So to answer the question, you can retake it. But each attempt requires additional retake fees so you should try and pass on the first attempt. If the worst happens and you do need to retake the test, just wait 7 days and then find the retake application on your BACB account. Yes, the RBT test is comprised of 85 multiple-choice questions. Only 75 of them count toward scoring though since 10 are trial questions used to creating newer tests. Each question only has one correct answer. The RBT test is scored using a scaling system with a rating from 0 to 250. In order to pass this exam, you must score at least 200 on this scale. Since 75 of the 85 questions are counted toward this score, that means you must answer 60 questions correctly in order to pass. The trial questions do not count against this score. However, you won't know which ones are trial questions since they are not marked. Facebook LinkedIn Pinterest Email Comments are closed.
